SC PERFORMANCE GOAL

2010 Goal:

By 2010, SC's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

2020 Vision:

By 2020 all students will graduate with the knowledge and skills necessary to compete successfully in the global economy, participate in a democratic society and contribute positively as members of families and communities.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

Nestled in the enchanting Kingswood/Pine Valley community, Columbia High School has maintained its mission of preparing every student to be a successful, contributing citizen in a global society, by providing an effective and high quality education. Under our newly-formed leadership team, we have channeled the collective efforts of our students, staff, and community members to overcome many challenges and have emerged as a beacon of academic excellence and educational opportunities.

This year, we have continued to work hard to build our programs of study as we become Richland County School District One's premier Science, Technology, Engineering and Math (STEMs) theme school. Our students completed advanced coursework in the areas of health and biomedical science, information technology, engineering, mathematics and finance. Partnerships with local businesses and organizations have been firmly established to facilitate real-world experiences and opportunities aimed at preparing our students to compete in future global job markets. Through our recruitment efforts, we continue to pursue steady gains in enrollment to at least 75 students in each STEMs academy.

Within our STEMs framework, academic excellence has continued to be the core component of focus and effort for our instructional staff. In addition to aligning with the High School that Works school reform model, Columbia High School has incorporated professional learning teams and has provided a plethora of site-specific professional development opportunities for certified and classified staff members to ensure a viable and effective, technology-infused instructional program where all students can be successful.

Throughout the year, we have continued our intensive focus on improving student performance on HSAP and EOC tests as outlined in our School Improvement Plan. We have also incorporated SAT/ACT enrichment and test preparation opportunities as well as interventions and reading opportunities to ensure that students become proficient readers. We have incorporated Saturday and after-school sessions to provide additional opportunities of instruction and support. In correlation to this school-wide initiative, steady improvement over the past few years has been noted.

There were many notable distinctions that were celebrated this year. For the first time, Columbia High School has received the prestigious, highly-coveted Red Carpet Award, in recognition of our success at creating a family-friendly school environment and consistently providing excellent customer service. Additionally, many of our students have garnered awards and honors in various areas, including AFJROTC, wrestling, FBLA, band, and engineering. We applaud our students' participation in co- and extra-curricular activities, which represent an increasing level of school spirit and dedication to "Capital Pride."

We appreciate the assistance of our community stakeholders in making 2009-10 a phenomenal school year. Columbia High School will further devote our efforts and resources to establish strong parental involvement to promote positive youth development.
